

# Safety Management Systems

An **Acadian** company

## Safety is in our DNA. Safety is in our name.

At SMS, we are committed to safety. We provide safety, medical, and training services to the energy industry, starting with the upstream market.

We offer a vast array of services to assist your offshore operations with safety, medical and training needs:

- Industrial Training Services
- HSE Specialists
- HSE Consulting
- Industrial Hygiene
- H<sub>2</sub>S Detection Programs
- Remote & Industrial Paramedics
- Medical and Healthcare Products and Equipment
- Manned Security
- Occupational Health & Wellness Testing
- Occupational Health & Wellness Consulting
- Industrial Rescue Teams

SMS provides comprehensive safety and regulatory compliance training required by MMS, the U.S. Coast Guard, OSHA, IADC, API, STCW part 95, OPITO and DOT.

*“One of the best training facilities in the business from a facility and instructor/staff standpoint. Students truly have a unique experience that prepares them for their field of services. SMS, as an organization, reflects great credit upon themselves and the safety profession.”*

–PEC/Premier Safety Management Representative,  
PEC SafeGulf/SafeLand Audit

Training can be performed at your job site or at one of our training centers located throughout the United States. We offer course customization, as well as multi-day programs and new-hire orientations to fit the training needs of any company.
